APPENDIX 1 - FFIS Round 2 - Eligible Items

fbrseed
LAND AGENTS & CHARTERED SURVEYORS

% of funding available	Category	Eligible item	Cost type	Maximum / standard cost (100%)	Item score	Guide page (Draft 1)
50 / 80%	Grazing and Grassland Management	Portable electric fencing system for rotational grazing	Max Cost	£850	2.4	11
50 / 80%	Grazing and Grassland Management	Pasture plate meter	Max Cost	£750	3.3	13
50 / 80%	Grazing and Grassland Management	Water bowser with integrated livestock drinking trough	Max Cost	£3,250	3.0	14
50 / 80%	Grazing and Grassland Management	Pasture pump	Max Cost	£520	3.7	16
50 / 80%	Grazing and Grassland Management	Solar-powered livestock water pump	Max Cost	£3,500	3.7	17
50 / 80%	Grazing and Grassland Management	Protective matting for grazing areas	Max Cost	£15 per m²	2.8	19
50 / 80%	Grazing and Grassland Management	Bale unroller for grazing systems	Max Cost	£6,500	2.4	20
50 / 80%	Grazing and Grassland Management	Virtual livestock fencing	Max Cost	£270 per collar	4.1	21
50 / 80%	Grazing and Grassland Management	Grassland aerator	Max Cost	£5,000	3.3	22
50 / 80%	Grazing and Grassland Management	Grassland sward lifter	Max Cost	£10,000	3.7	24
50 / 80%	Grazing and Grassland Management	Grassland overseeder and rejuvenator	Max Cost	£20,000	3.5	25
50 / 80%	Grazing and Grassland Management	Weed wiper	Max Cost	£4,000	3.0	27
100%	Environmental Land Management and Protection	Native hedge planting and hedge gapping up	Standard Cost	£5.40 per linear metre (Min 50m, max 500m)	4.0	29
100%	Environmental Land Management and Protection	Native tree planting for agroforestry	Standard Cost	£3.00 per tree (Min 50 & max 1,000 trees)	4.3	30
100%	Environmental Land Management and Protection	Individual tree protection	Standard Cost	£2.00 per tree (Min - 50 max-1000 trees)	2.3	31
100%	Environmental Land Management and Protection	Protective stock fencing for tree establishment	Standard Cost	£5.50 per linear metre (min-50m, max-1,000m)	2.3	33
100%	Environmental Land Management and Protection	Protective stock fencing for hedge establishment	Standard Cost	£5.50 per linear metre (min-50m, max-1,000m)	2.3	33
100%	Environmental Land Management and Protection	Protective stock fencing for pond creation	Standard Cost	£5.50 per linear metre (min-50m, max-1,000m)	2.3	33
100%	Environmental Land Management and Protection	Pond creation for wildlife	Standard Cost	£4.50 per square metre (surface area of 50 - 600m2)	3.9	34
100%	Environmental Land Management and Protection	Riparian fencing	Standard Cost	£5.50 per linear metre (min-50m & max-1,000m whether single or double fenced	4.2	36
100%	Environmental Land Management and Protection	Mechanical bracken roller	Max Cost	£2,000	3.4	37
100%	Environmental Land Management and Protection	Pedestrian-operated bracken roller	Max Cost	£2,000	3.4	38
50 / 80%	Soil Health and Reduced Cultivation	Direct drill	Max Cost	£40,000	4.8	40
50 / 80%	Soil Health and Reduced Cultivation	Strip till drill	Max Cost	£40,000	4.5	42
50 / 80%	Soil Health and Reduced Cultivation	Minimum tillage cultivator	Max Cost	£25,000	3.9	43
50 / 80%	Soil Health and Reduced Cultivation	Precision camera-guided inter-row hoe	Max Cost	£40,000	4.2	45
50 / 80%	Soil Health and Reduced Cultivation	Subsoiler	Max Cost	£10,000	3.4	46
50 / 80%	Soil Health and Reduced Cultivation	Tractor-mounted stubble rake	Max Cost	£18,000	3.9	47
50 / 80%	Soil Health and Reduced Cultivation	Cover crop air seeder	Max Cost	£6,500	4.0	49
50 / 80%	Soil Health and Reduced Cultivation	Cover crop roller/crimper	Max Cost	£8,000	4.1	50
50 / 80%	Precision Farming Crop and Grassland Management	GPS field guidance system	Max Cost	£1,750	3.1	52
50 / 80%	Precision Farming Crop and Grassland Management	Retrofit GPS assisted steering system	Max Cost	£8,500	3.5	53
50 / 80%	Precision Farming Crop and Grassland Management	Variable rate and section controller	Max Cost	£5,500	4.5	55
50 / 80%	Precision Farming Crop and Grassland Management	Automatic spray boom height control	Max Cost	£11,500	4.0	56
50 / 80%	Precision Farming Crop and Grassland Management	Spot spraying system	Max Cost	£40,000	4.6	58
50 / 80%	Precision Farming Crop and Grassland Management	Camera-guided inter-row sprayer	Max Cost	£13,000	4.2	59
50 / 80%	Precision Farming Crop and Grassland Management	Crop sensing and variable rate application system	Max Cost	£20,000	4.4	61
50 / 80%	Precision Farming Crop and Grassland Management	Yield monitoring system	Max Cost	£5,000	3.7	62
50 / 80%	Precision Farming Crop and Grassland Management	Closed transfer system for pesticides	Max Cost	£4,250	3.8	64
50 / 80%	Precision Farming Crop and Grassland Management	Crop Nitrogen sensor	Max Cost	£15,500	4.2	65
50 / 80%	Precision Farming Crop and Grassland Management	Liquid fertiliser applicator for seed drills and planters	Max Cost	£20,000	4.3	67
50 / 80%	Precision Farming Crop and Grassland Management	Soil and weather monitoring package	Max Cost	£2,500	3.6	69
50 / 80%	Precision Farming Crop and Grassland Management	Central tyre inflation system	Max Cost	£10,000 per system	4.1	71
50 / 80%	Precision Farming Crop and Grassland Management	Handheld NIR analyser	Max Cost	£14,000	3.7	72
50 / 80%	Slurry Management	Slurry separator	Max Cost	£40,000	4.3	74
50 / 80%	Slurry Management	Onboard NIR slurry analyser	Max Cost	£30,000	4.4	76
50 / 80%	Slurry Management	Flow rate monitoring system for slurry application	Max Cost	£5,500	3.8	78
50 / 80%	Slurry Management	Fixed or tensioned ring tank slurry cover	Max Cost	£40,000	4.1	79
50 / 80%	Energy and Resource Efficiency	UV water treatment system	Max Cost	£1,000 per system	3.6	81
50 / 80%	Energy and Resource Efficiency	Rainwater harvesting and water storage system	Max Cost	£12,000	3.8	83
50 / 80%	Energy and Resource Efficiency	Variable speed drive system for dairy pumps	Max Cost	£7,000	4.1	85
50 / 80%	Energy and Resource Efficiency	Plate cooler for milk cooling	Max Cost	£6,500	4.0	86
50 / 80%	Energy and Resource Efficiency	Heat recovery unit for agricultural refrigeration systems	Max Cost	£10,500	4.3	88
50 / 80%	Livestock Management and Animal Health	Handheld EID livestock reader	Max Cost	£1,250	2.8	90
50 / 80%	Livestock Management and Animal Health	Automatic EID vaccination gun	Max Cost	£1,000	3.4	91
50 / 80%	Livestock Management and Animal Health	Automatic EID drench and pour-on gun	Max Cost	£1,000	3.5	93
50 / 80%	Livestock Management and Animal Health	Static EID panel reader	Max Cost	£1,600	3.3	94
50 / 80%	Livestock Management and Animal Health	Electronic weigh bars for sheep	Max Cost	£2,500	3.8	96
50 / 80%	Livestock Management and Animal Health	Electronic weigh bars for cattle	Max Cost	£3,000	3.8	97
50 / 80%	Livestock Management and Animal Health	Automatic cattle weighing and monitoring system	Max Cost	£10,000	4.2	99
50 / 80%	Livestock Management and Animal Health	Automatic sheep weighing and drafting system	Max Cost	£18,000	4.2	101
50 / 80%	Livestock Management and Animal Health	Electronic sheep weigh crate	Max Cost	£3,500	3.8	102
50 / 80%	Livestock Management and Animal Health	Automatic cattle drafting/shedding gate	Max Cost	£12,500	4.1	103
50 / 80%	Livestock Management and Animal Health	Sheep handler / turnover crate	Max Cost	£4,500	3.5	104
50 / 80%	Livestock Management and Animal Health	Mobile sheep handling system	Max Cost	£11,000	4.8	105
50 / 80%	Livestock Management and Animal Health	Mobile cattle handling system	Max Cost	£22,000	4.8	107
50 / 80%	Livestock Management and Animal Health	Electronic cattle heat and health monitoring system	Max Cost	£20,000	4.0	109
50 / 80%	Livestock Management and Animal Health	Calving detection system	Max Cost	£300 per detector	4.1	111
50 / 80%	Livestock Management and Animal Health	Milk yield and conductivity meter	Max Cost	£1,750 per milking point	4.2	112
50 / 80%	Livestock Management and Animal Health	Cattle Squeeze Crush	Max Cost	15000	3.5	113
50 / 80%	Livestock Management and Animal Health	Waste milk and colostrum pasteuriser	Max Cost	£9,500	3.7	114
50 / 80%	Livestock Management and Animal Health	Automatic calf rearing system	Max Cost	£13,000	3.9	115
50 / 80%	Livestock Management and Animal Health	Automatic lamb rearing system	Max Cost	£3,000	3.6	117
50 / 80%	Livestock Management and Animal Health	On-farm faecal egg counting system	Max Cost	£400	3.5	118
